

## Delson Caldas will represent Brazil for the first time!

Delson Caldas met shuffleboard when he accompanied his brother, the Brazilian player Pedro Caldas, on the trip to the World Cup in Germany, in 2010. And (as it could not be different) he got so interested in the game that he wanted to play in the next ISA World Cup! Since his return to his country, Delson began training shuffleboard, and one year later, he is hopeful to do a good job in Dieppe. He has already achieved a second place in the Brazilian National Doubles, last May.
