

You Asked About the Courts??

Good Courts contribute to the success and enjoyment of Shuffleboard. As you can readily see, the courts in the Arthur J. LeBlanc Centre, Melanson Road are painted on the concrete surface. While I have never shuffled there I have shuffled on similar surfaces >> Coldwater, ON as one example >> and I find that they are every bit as good as FL >> and yes AZ. Of course they are not nearly as fast as

AZ! I am eagerly looking forward to August 02nd. Courts will be open for a trial!!

Gerry Curwin who sent along these shots tells me that the Arena will be cleaned, & decorated for our enjoyment.
